*Answer the following questions about your dissertation and then about research for your final diploma project. Please return as soon as possible.**

Dissertation

What subject have you chosen ? Describe the main questions or issues you raise. Have you found a title yet ? (French/English)

Give a short list of some of the sources you have been using and how they contribute to your thinking.

Do you intend extending the dissertation into new areas or is it more or less completed?
Would you like to delve deeper into your subject or do you think it might help to stand back and take a broader point of view?

How does this subject connect with your research practice?

Research for your diploma year project and more.

*These questions are just guidelines. Every project is different so please write freely in the way that seems best adapted to your work.
Sometimes photos, sketches or diagrams explain better than words.*

What area are you investigating at the moment ?

Do you have any other fields you would like to explore ?

Any inspiring references to share?

Describe how you prefer working and where? Do you have a set routine or need to get high on drugs & alcohol or have to stroke a black cat before you can work properly ?

If you had unlimited time and funds
what would you like to do ?

Describe what you hope to be doing
three years from now.

* Return your answers by email. If you print out the pdf, hand it to me directly or leave it in my locker at school.

Don't forget that the other half of your credits in English this year is a written and verbal **internship report**. Download questions and guidelines for writing about your job experience from www.ensala.fr or pick up a copy from the school library. In these viral times, internships might not be easy so you are welcome to share any other experiences.
